

Maximum permissible load (center lift)  
Basic beam with extensions

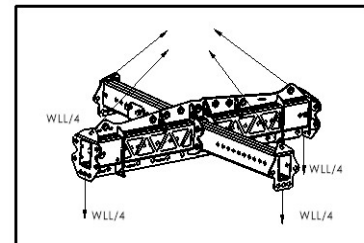

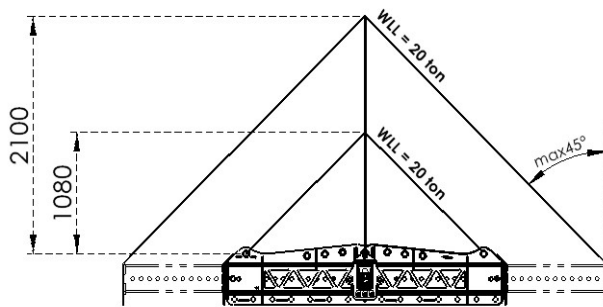

Maximum permissible load (spreading lift with 2 chains in 45° angle)  
Basic beam with extensions

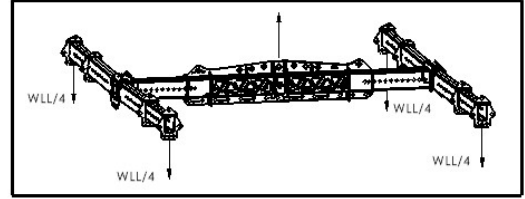

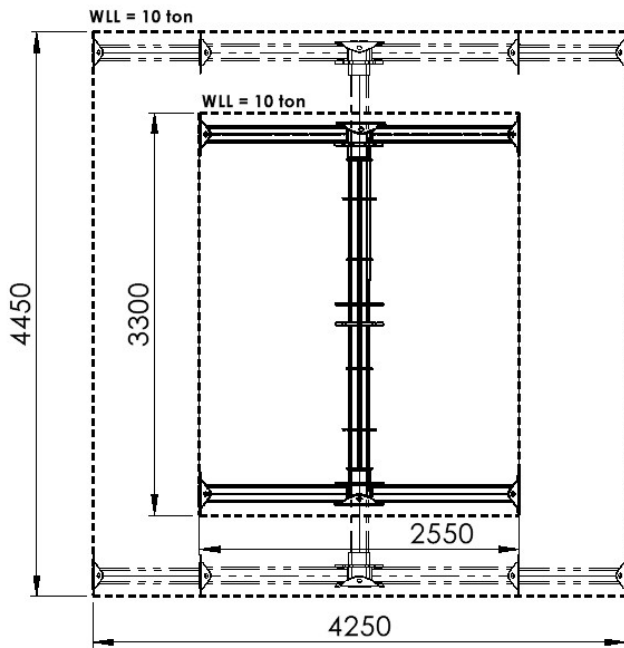

Maximum permissible load (center lift)  
X-configuration

Maximum permissible load (spreading lift with four chains  
in 45° angle)  
X-configuration

Maximum permissible load (center lift)  
H-configuration

Maximum permissible load (spreading lift with four chains  
in 45° angle)  
H-configuration
